

## **ENVIRONMENTAL, HEALTH & SAFETY POLICY**

The Environmental, Health & Safety Policy of Heldeen Steel is to protect the health and safety of our employees, customers and the public and to perform our activities in an environmentally responsible manner. We commit to this policy as an integral part of our business, to rise up as a leading steel cutting and fabricating company.

Toward this we have set out objectives and are committed to:-

- Comply with applicable Environmental, Health and Safety (EHS) legislation and statutory requirements
- Respond to community concerns regarding EHS and address them proactively in our operations
- Integrate EHS considerations into Business Planning and decision making
- Use process safety and management techniques like safety audits analysis monthly EHS reporting and documentation of safety related information to minimize EHS concerns associated with our operation
- Equip ourselves to address EHS emergencies
- Champion EHS responsibility among all employees and impact the requisite training
- Communicate our EHS policy and other concerns to our contractors and vendors and seek their compliance
- Continually review objectives and set targets to improve our EHS performance
- Provide organisational structure support and direction to achieve these objectives
- This policy is reviewed periodically for its continuing suitability to the company's current business
- Make this Policy available to our customers and other stakeholders
